Check	Please check your manuscript whether it follows the “Guide for Authors” and circle the confirmed item.
	Did you classify your manuscript into review, original, clinical case report, or other?
	Did you describe the title, running title, key words (3-5 words), authors’ name, affiliations with chief’s or director’s name and addresses on the first page?
	Did you describe the abstract (within 500 words)?
	Did you designate the size of the figures and tables and whether the traces of them are necessary or not?
	Did you describe the legends of figures and tables?
	Did you designate the site of insertion of figures and tables in red in the right margin of the text?
	Are the photographs prepared in wallet-size or larger?
	Did you write the author’s name on every figure and table?
	Are three copies of manuscript attached on the original when you prepare the printed manuscript?
	Is the self-declaration of Conflict of Interest attached? Did you describe about the Conflict of Interest before the references in the text?
	Are the authors in general the members of JADT?
